

K-LOVE radio provides a valuable service through the use of FM translators. Please don't let LPFM stations take priority over this FM translator service. I listen to K-LOVE on FM 107.1 in Corvallis, OR. K-LOVE has family friendly programming 24 hours a day. They are commercial free and listener supported. They provide valuable services to local residents. They have great music and a calendar of local events that are free and family friendly. They have phone lines for people to call in times of crisis. They have pastors on staff to help people find information and support that they need. This service is in the public interest. Local residents would certainly be greatly disappointed if K-LOVE were to be displaced. Thank you for your time and consideration.
